

Dear parents and carers,

As our children grow and navigate an increasingly digital world we wanted to make you aware of the **Childline Report and Remove tool**. This is a service which can help you to remove a nude shared image online. **If you are under 18 and a nude image or video of you has been shared online, you can report it to be removed from the internet.** We hope that none of our families need this service but we also know that these things do happen and are happening from an earlier and earlier age. Please see the link here:
